

# RMA Starter Pack

IN BENEFIT OF: PANCREASKANKER FONDS

Dear candidate student officer,

This year, the 160th Promotion of Social and Military Sciences is organising the great Project SSMW to benefit "Pancreaskanker Fonds". This organisation has been collecting money for years to support cancer research and fight for a world without this disease. Our project starts by selling starter kits to prepare you in the best possible way for your first military experience during the Military Initiation Phase.

This way, you can be sure of a good start and you support a good cause! You can find the package content on the back.

Thank you in advance for your help!

Many greetings,  
Project SSMW
